MEMORANDUM FOR : Lt. Colonel James T. DeVoss

SUBJECT : CHALICE and Special "C" Clearance List

1. In accord with our conversation of 23 September 1959 attached is a rough list of personnel within OSD that our records indicate are aware of the CHALICE and Special "C" programs. As I suggested before, it is possible we have missed some of the individuals giving us support at various times outside of the intelligence community. If this is the case, they will be brought to your attention as identified.

2. We will be in touch with you regarding the appropriate arrangements for a staff briefing of General Erskine.
